IBM SkillsBuild

Dear Rifa Hakimah,

Thank you for registering with IBM SkillsBuild. We are excited to work with you!

Please share the information below with the students in your class or cohort so they can **sign up** and join your class:

Student sign-up link:

<http://students-auth.skillsbuild.org?org=6025&mgr=4229830REG>

As an alternative, students can use the **registration code** below when signing up. This may be easier to communicate or manage than sharing the link:

Registration code: 2inra

Please share this link or code **only** with your intended students and remind them not to share it with students in other classes or cohorts.

As a vetted teacher or school administrator, you will have access to registration and learning completion data for students in your school. This information is for educational use only, should be shared only with other verified teachers or administrators, and should be deleted when no longer needed.

Sincerely,

The IBM SkillsBuild Team
